To Whom It May Concern:

I am writing this letter in support of Integra Rehab Solutions and Ed Hershman.

I am an orthopedic surgeon at Fox Valley Orthopedics. Within the last three years, we have re-opened our physical therapy locations internally and would not have been able to do this without the excellent care, professionalism, and commitment from Ed Hershman and Integra Rehab Solutions.

Mr. Hershman and his team have been integral and just flat-out fantastic at their ability to quickly and efficiently open up a total of 10 physical therapy locations in under three years, get them staffed, and work with our clinical and administrative team at Fox Valley Orthopedics to have a successful physical therapy organization.

Of note, this physical therapy organization within Fox Valley Orthopedics is the same standard of care and quality that we feel as physicians we have, as it comes to care and treatment of patients. The team that Mr. Hershman has put together, when it comes to front office staff, physical therapy assistant team, and physical therapists, is incredibly high quality and have now become an integral part of our organization at Fox Valley Orthopedics.

I recommend Integra Rehab Solutions and Mr. Hershman and his team without reservation.

If you have any questions, feel free to reach out via email at jma@fvortho.com.

Sincerely,

Joshua Alpert, MD
